Client Services Chemist Consultation—Substance Identification

CAS Client Services, Chemist Consultation provides substance identity information at a consultation rate. For CAS Registry Number® **retrieval** or **assignment**, please see registration criteria, information requirements, and attach a chemical structure diagram. **If you would like both a CAS Registry Number and CA Index Name, please check the 2 appropriate boxes below.** Please see the Client Services price list for the current prices.

Requesting

- CA Index Names (please attach chemical structure diagram, page 2)
- Retrieval** of Existing CAS Registry Numbers
- Assignment** of New CAS Registry Numbers. I acknowledge and understand that the identities of these substances are non-confidential and will be disclosed publicly. If a CASRN already exists, it will be retrieved.

Note: If you request assignment of a new CAS Registry Number for a substance not already present in the CAS Registry System, that assignment will make your substance publicly available in the CAS RegistrySM File. Customer identity information will be kept confidential. **If you wish to maintain confidentiality for your substance's identity**, you should request only a CA Index Name or retrieval of an existing CAS Registry Number.

A signature below is required before the requested Chemist Consultation will be performed. This acknowledges acceptance of the CAS Client Services Terms and Conditions and CAS Information Use Policies.

Any proposals for additional or different terms, including, but not limited to, the terms set forth in any Purchase Order submitted by Customer, are hereby rejected. Performance of the Client Services does not constitute acceptance of any additional or different terms. Acceptance of a Purchase Order by CAS will be for payment purposes only. None of the terms set forth in the Purchase Order will be binding upon CAS.

Authorized Signature _____ Date _____
