FIZ Karlsruhe
Academic Program for STN
The FIZ Karlsruhe Academic Program for STN is a special plan that provides affordable access to selected databases of STN® International, the Scientific and Technical Information Network. It is available to researchers, lecturers and students at colleges and universities. Qualifying institutions receive a significant 70% discount on searching the STN databases included in the program (see List of Databases below). STN databases are accessible via STN Express® with Discover™, STN® on the Web™, and STN Easy®.

To sign up for this academic program, please complete the attached forms, the FIZ Karlsruhe Academic Program for STN Order Form in addition to the STN Customer Agreement on the Online Use of Databases via FIZ Karlsruhe, STN Service Center Europe.

1. Offer

FIZ Karlsruhe – Leibniz-Institut für Informationsinfrastruktur GmbH, Hermann-von-Helmholtz-Platz 1, 76344 Eggenstein-Leopoldshafen, Germany is the European Service Center of STN International (The Scientific and Technical Information Network). It offers to the Customer

a) online access to the databases of various database producers implemented at the STN Service Centers, and
b) online ordering of services offered by third parties (e.g. online ordering of full-text documents).

The databases are protected by copyright. Your right of online use of the databases is subject to the terms and conditions of the Database Producers’ Special Conditions applicable to each particular database. The Database Producers’ Special Conditions are accessible online upon selection of the database. You are obliged to access the Database Producers’ Special Conditions at the first access to a database of a particular database producer and to abide by these Conditions at any instance of usage of a database. Online ordering of third-party services is subject to the Service Suppliers’ Special Conditions. These Conditions are accessible online.

The services offered by FIZ Karlsruhe are available at prices subject to change and depending on the various databases used. Prices are accessible online for every particular database. You are recommended to read the current prices for online database use prior to performing searches, as these are the basis for billing.

The services offered by FIZ Karlsruhe are subject to the Terms and Conditions on page 2, governing online access to databases via FIZ Karlsruhe.

2. Order

The price for opening an STN Full Service account (incl. one loginID): EURO 52.00 (incl. VAT 61.88); opening an “STN Easy only account” is free of charge

Each additional loginID:

EURO 30.00 (incl. VAT 35.70)

Invoices should be sent by mail as hardcopy or as PDF to e-mail address:
1. Services of FIZ Karlsruhe, database producers’ terms and conditions of database use
   a) FIZ Karlsruhe operates the European Service Center of STN International. FIZ Karlsruhe in its own name and on its own account offers the Customer online access to the databases implemented at the STN Service Centers, except for those offered on behalf and on account of a third party. The name of the respective supplier is indicated on the current invoice.
   b) The usage of the databases is subject to the Terms and Conditions set by the various database producers (Database Producers’ Terms and Conditions). These Terms and Conditions are available online. The Terms and Conditions apply in particular to the copyrights and industrial property rights the database producers own to their databases, and to the scope of usage rights granted to Customer for these databases. Upon receipt of Customer’s order by FIZ Karlsruhe, a Customer Agreement is concluded between the two parties, according to which FIZ Karlsruhe shall grant Customer access to the databases covered by the Customer Agreement. The Database Producers’ Terms and Conditions applicable to the databases accessed by Customer form part of the Customer Agreement. It shall be Customer’s responsibility to ensure that the Database Producers’ Terms and Conditions are strictly complied with. In the event that Customer does not comply with the Database Producers’ Terms and Conditions or fails to ensure that the Database Producers’ Terms and conditions are complied with within his/her scope of responsibility, FIZ Karlsruhe shall be entitled to block Customer’s access to the databases; furthermore, Customer shall be liable towards FIZ Karlsruhe for any damages resulting from such non-compliance within the scope described above. ‘Sentences 1, 6 and last part of sentence 7 shall also apply to online orders placed by Customer for services provided by third parties.
   c) Scope and content of the databases available under the Customer Agreement may be subject to change without notice, without Customer being entitled to file any claims based on such changes with FIZ Karlsruhe and/or the database producer.
   d) Customer may use the STN International system, including databases and the related access and operating software, exclusively for searching the databases on STN International in accordance with the Database Producers’ Terms and Conditions. Customer must not develop or make publicly available any software designed to access or enhance the STN system (for example, through gateway solutions).

2. Access Authorization; Confidentiality, and Disclosure of Customer Data
   FIZ Karlsruhe shall issue to Customer access authorizations, passwords, and login identifiers to enable Customer to access the databases selected. Confidentiality of Customer’s passwords shall be Customer’s responsibility and risk in his area. If required for the purposes of this Agreement, FIZ Karlsruhe shall be entitled to disclose Customer’s login identifiers and account number, and information on the scope database use to the other STN Service Centers. In addition, Customer’s name and address, account number and usage information may be forwarded to the STN Service Centers and the STN database producers whose databases are accessed by Customer exclusively for Customer support purposes in connection with using the services provided by STN.

3. Invoicing and Payment
   a) The usage of the STN databases is subject to the prices valid at the time the database is accessed. Customer may view these prices online at any time.
   b) FIZ Karlsruhe shall invoice Customer on a monthly basis for all services rendered as well as line costs, if any. All invoices shall be in EUR. Upon Customer’s request, invoicing can also be effected in US Dollar. Once chosen, the invoicing currency shall remain the same during the entire term of the agreement.
   c) The amount billed becomes due upon receipt of the invoice and is payable without any discount. Default in payment arises when Customer fails to pay the due amount within 30 days. If Customer is in default of payment, FIZ Karlsruhe shall be entitled to charge a penal interest of 8% above the prime rate. If the amount due has not been fully paid within forty-five (45) days from date of invoice, FIZ Karlsruhe shall be entitled to block Customer’s online access.
   d) All taxes (VAT, withholding tax, etc.) arising from or in connection with ordering and using the services offered by FIZ Karlsruhe or the delivery of FIZ Karlsruhe’s products shall be borne by Customer.

4. Confidentiality of Customer’s Searches
   FIZ Karlsruhe shall use its best efforts to keep the contents of Customer’s online searches confidential. However, FIZ Karlsruhe may disclose details to third parties, i.e. to other STN Service Centers or STN database producers, if it is necessary to do so in order to fulfill its contractual obligations under the Customer Agreement.

5. Data Transmission
   Data transmission and data link between FIZ Karlsruhe and the Customer via a network are exclusively Customer’s responsibility unless they are part of FIZ Karlsruhe’s contractual obligations (see Art. 3 b).

6. Warranty and Liability
   a) In the event of system-based failures impairing database use, Customer shall be credited for such invoiced but impaired database use. Any compensation in excess thereof shall be excluded.
   b) FIZ Karlsruhe does not make any warranties as to the content, topicality, accuracy or fitness for a particular purpose of the information retrieved by Customer from the databases, unless FIZ Karlsruhe has willfully or by gross negligence failed to fulfill its obligations in designing, implementing or updating the database in question. In all other respects, FIZ Karlsruhe’s liability towards Customer shall be limited to damages attributable to willful intent or gross negligence on the part of FIZ Karlsruhe, its legal representatives or its vicarious agents. In the event that essential obligations of this contract have been breached (in particular, the obligation to provide databases and data processing systems for customer searches in accordance with the scheduled system availability), FIZ Karlsruhe shall also be liable for damages caused by slight negligence in as far as these damages are a typical and foreseeable consequence of the breach of contract. FIZ Karlsruhe does not assume any liability beyond the scope outlined above. However, liability of FIZ Karlsruhe subject to the Product Liability Act shall remain unaffected.
   c) In all other respects, the Database Producers’ Terms and Conditions shall apply which, according to section 3.b) above, form a part of the Customer Agreement concluded by placing the order, and have to be read by Customer upon first online access to those databases. FIZ Karlsruhe under this contract assigns to Customer any claims that might be filed with the database producer(s) pursuant to the Database Producers’ Terms and Conditions. Sentence 1, first part, correspondingly shall apply to online ordering of services supplied by third parties.

7. Duration and Termination of the Agreement
   a) The Customer Agreement is concluded for an unlimited term and shall become effective upon acceptance of Customer’s order by FIZ Karlsruhe.
   b) The agreement can be terminated by either party giving written notice to the other party thirty (30) days prior to the end of a month.
   In other respects, FIZ Karlsruhe shall be entitled to terminate the agreement with immediate effect without prior notice if Customer fails to comply with the contractual obligations, in particular in case of non-compliance with the Database Producers’ Terms and Conditions. Customer’s access authorizations shall be deactivated upon effectiveness of termination, or at an earlier date requested by Customer.
   c) After termination of the Customer Agreement – irrespective of the legal grounds - Customer shall continue to abide by the Database Producers’ Terms and Conditions. Customer shall in particular refrain from accessing any of the database producers’ databases via STN International.

8. Alteration of these Terms and Conditions
   FIZ Karlsruhe reserves the right to change these Terms and Conditions. Customer shall be informed about changes by written notice sent to the most recent Customer address known to FIZ Karlsruhe. Written notice shall be sent not later than thirty (30) days prior to the date of effectiveness of the changes. Continued use of services by Customer following effectiveness of changes shall be deemed acceptance of changes by Customer.

   a) The Terms and Conditions of FIZ Karlsruhe as well as the Database Producers’ Terms and Conditions are integral parts of the Customer Agreement. They shall supersede all previous terms and conditions of online database use agreed between Customer and FIZ Karlsruhe, if any, and also rescind and supersede any conflicting terms and conditions of Customer.
   b) No additional agreements made orally between Customer and FIZ Karlsruhe shall be effective, unless confirmed in writing by FIZ Karlsruhe.
   c) Place of performance is the registered office of FIZ Karlsruhe. Place of Jurisdiction shall be Karlsruhe, if Customer is a merchant entered in the commercial register as merchant, a legal person under public law, or a federal special fund under public law.
   d) Any and all disputes arising from the Customer Agreement shall be governed by the laws of the Federal Republic of Germany.
